

# Tandus Element: Mineral, Tweed, Alley

MODULAR CARPET

Inspired by  
the urban  
elements that  
surrounds us

# Element Series

The urban environment that surrounds us every day consists of an abundance of patterns, shapes and textures.

Tandus Element carpet series derived its inspiration from these patterns and let you explore a world of possible compositions to create unique office spaces.

Whether you would like to unwind with the beauty of a soft tone mineral inspired carpet, or create stunning looks with corridors inspired on historic pavements: Element is available in a palette of sixteen colours and three designs, offering endless creative combinations.

Alley CEDAR 630380003 / MERCURY 630380002 / MILESTONE 630380011 / RUBY 630380014  
Tile 67x67 cm Monolithic installation

Alley, the shapes and textures of stone pavement

Alley CINERITE 630376015 Tile 50x50 cm Monolithic installation

Mineral, the beauty of soft stone

Mineral WHITE HOTAN 630341001 / FENCE 630341007 / BLANKET 630341016 Tile 50x50 cm Monolithic installation

Tweed, the traditional British tweed woven fabric

Tweed OAT 630359005 Tile 50x50 cm Quarter Turn installation

You are unique and so is your project!

Alley WHITE HOTAN 630376001 / STONE 630376004 Tile 50x50 cm Quarter Turn installation

## Customization example

Select your carpet & change easily the accent colour for only 60sqm!

Minimum order = **60 sqm only** if for standard pattern and standard colour yarn

Sample available **within 2 weeks**

Production done in **2-4 weeks**

## Change of colour!

Our carpet designs made from our library of yarn colours can be customized with the yarn colours of your choice. Select among our + 70 standard yarns available and create your unique carpet with minimum order of only 60 sqm! For non-standard yarns, the minimum order is 1,000 sqm.

## Create custom pattern!

Add signature images to your flooring design, such as company logos, school mascots, government seals and more.

These customized emblems let you use every plane of the interior space to create a unique experience and communicate a client's valuable brand message.

## Change of format!

We can easily produce in 5 formats all products with minimum order of only 60 sqm per product with no surcharge!

# Committed to quality

## VOCs and Air Quality

We share your responsibility to protect air quality in new office environments: all our Tanus modular carpets have the Green Label Plus certification which result from our exhaustive efforts to eliminate harmful VOCs in our product design and manufacturing process. Our Tandus modular carpet with PVC backing is also 100% phthalate-free.

## Antimicrobials

Tandus modular carpet is designed to deliver maximum protection against mold and mildew without the use of hazardous antimicrobial pesticides, which can be inhaled and create adverse health effects. Using antimicrobial treatment on the carpet will only be temporary and will favor the bacteria resistance in the middle and long term, which is a major public health threat. We guarantee a 15-year warranty product without relying on unnecessary chemicals.

## Stain Resistance

Our carpet benefits from Eco-Ensure technology: a fluorine-free and PFAS – free soil protection to avoid any stains on the carpet. In addition, we recommend to follow the maintenance instructions of our carpet tiles and to clean as soon as possible any stains..

## Fire Safety

All Tandus modular carpet are tested in independent and certified laboratory to meet Class 1 rating on flammability.

## Recycled Content

We have partnered with third party company to recycle empty wine bottles into our Ecobond Backing. Up to 60% of the Ecobond secondary backing is made of recycled materials. In some Tandus collections, we use the ECONYL® yarn which is made from 100% regenerated nylon including discarded fishing nets. Tarkett supports the Healthy Seas initiative that aims to remove waste from the sea, in particular fishing nets and recycling them into regenerated yarn.

## LEED and WELL

As part of a sustainable, people-friendly solution, our Tandus modular carpet can contribute to both promoting workplace productivity and satisfaction, and achieving sustainable building standards including LEED and WELL:

- Green Label Plus certificate & low TVOC reports for Good Indoor Air quality
- Acoustic report to show how it can contracture to noise reduction
- 100% recyclable carpet tiles
- Recycled Content of Ecobond backing in the framework of our circular economy model
- Tarkett engagement on U.N. Global Compact
- Made in Asia products to limit impact on the environment
- Use of ECONYL® Yarn for some collections, a yarn made from 100% regenerated nylon including discarded fishing nets.

## PRODUCT SPECIFICATION SHEET

Face Construction	Metric	Imperial	Procedure
Construction	Patterned Texture		
Fiber system	100% Nylon		
Dye Method	Solution Dyed		
Gauge	50.4 rows/10 cm	1/13	
Stitches per inch	36 stitches/10 cm	9.1 stitches/inch	ASTM D-418
Pile Height Average	3.5 mm (Mineral & Alley)	0.138 inch (Mineral & Alley)	ASTM D-418
	3.3 mm (Tweed)	0.130 inch (Tweed)	UM44D
Density Factor	273.47 kg/m³ (Mineral & Alley)	7,391 oz/yd³ (Mineral & Alley)	
	290.3 kg/m³ (Tweed)	7,846 oz/yd³ (Tweed)	
Total Product Weight	3776 g/m² ± 5%	128 oz/yd² ± 5%	
Product Testing Information			
Indoor Air Quality	Comply with CRI Green Label Plus Standards ID: #GLP5288. Passes GB 18587-2001 Passes CPSC FF 1-70		
Surface Flammability	Class I (Mean average CRF: 0.45 watts/cm² or higher)		
Flooring Radiant Panel			
	ASTM D-418 ASTM E-418		
Backing System			
Standard Backing	Tandus ECOPLY™ PVC Backing		
Backing Customization Option	Tandus ECOBOND™ PVC Backing		
Recycled Content	Tandus ECOBOND™ contains a minimum of 35% overall recycled content		
Recycling	100% recyclable when recovered		
Standard product size	500 mm x 500 mm; 667 mm x 667 mm		
Special product size	250 mm x 1000 mm; 1000 mm x 1000 mm; 500 mm x 1000 mm		

- Product Notes
1. Product specifications are derived from averages resulting from normal manufacturing tolerances in yarn, fiber, temperature, humidity and colour. Product specifications may vary within normal industry and standardised testing tolerances.
  2. These specifications reflect mean averages based upon tests of production runs of this carpet style by independent laboratories. A range of variances is implicit in the testing process. Furthermore, the standard test methods established to derive the specifications lack a degree of precision and repeatability; therefore, individual test results on the actual carpet purchased may differ from the specifications above.
  3. Colours may vary slightly from dye lot to dye lot.
  4. Backing or other materials may be changed without prior notice when shortages occur or when technological advancements become available which provide for improvement of the product's performance.
