Degrees Transition

Degrees transition introduces gradation and movement to the floor thanks to the combination of two contrasting colours into one carpet tile.

The colours have been selected for their complementarity. The two base grey colours are associated to contrasted accents including the full palette of colours: green, orange, yellow, reds, pink and blues. As well as neutral color tones like brown and several shades of greys. A transition tile between the two base grey colours also exist to be able to mix and match all twelve colours together.

This inspirational collection enable to create unique layout and divide the different areas of the space by playing with the colours gradations. In addition, the high and low loops in the pattern bring comfort and soft feeling to the workplace.

A stunning addition to our famous Degrees family. This collection can be used mixed with 1 Degree, 2 Degrees, 5 Degrees or X Degrees!

With our Tarkett Human-Conscious Design™ approach we continue to lead the way to healthier indoor spaces.

Backings

Tandus ECOPLY™ PVC Backing (Standard)

Standard backing for all Tandus Asia product designs, 100% recyclable.

Tandus ECOBOND™ PVC Backing

Backing option for all Tandus Tandus Asia product designs.
It contains a minimum of 35% overall recycled content, 100% recyclable.

Ecoply™ or Ecobond™ Backing

EcoBase Backing (non-PVC)

EcoBase is a polyolefin-based backing, PVC free, 100% recyclable, and CRI Green Label Plus certified. Inspired by nature's perpetual cycles of development, EcoBase has been specifically designed with disassembly and recycling in mind. Due to its innovative composition, the polyolefin based layer is fully recyclable.

EcoBase Backing

TarkettTAPE™

TarkettTAPE™ to be used with Tandus carpet. TarkettTAPE changes the standard in carpet tile installation by offering maximum flexibility and adhesive qualities without using any glue on the subfloor.

Maximum flexibility

Tandus carpet tiles installed with TarkettTAPE can easily be removed. Because the tape sticks to the tile, and not to the floor, you can change your carpet tiles when needed or return them to us for recycling at the end of use. TarkettTAPE leaves no traces on the subfloor, the tiles all stick solidly, creating a 'floating' floor that stays in place as long as needed. TarkettTAPE sticks straight from the roll, whereby installers find it quick, clean and easy to use. It has very low VOC-emissions, no odour, and no drying time. With these specification, TarkettTAPE contributes perfectly to your sustainability goals.

Fast and Easy Installation

Each tape unit measures ca. 8 x 10 cm with notched perforations between each unit.

There are 324 units per roll with a coverage area of ca. 80 m²/roll installed with 50 x 50 cm tiles. Packaged from 1 to 16 rolls per box with a minimum order quantity of one roll. The tape unit is centered at the corner of the tile as to engage the inner section of the two adjacent and one opposing tile corners.

TarkettTAPE works perfectly with all our Tandus backings.

PRODUCT SPECIFICATION SHEET

Face Construction	Metric	Imperial	Procedure
Construction	Patterned Loop		
Fiber System	100% Nylon		
Dye Method	Solution Dyed		
Gauge	39.4 rows/10cm	1/10	
Stitches per inch	40.0 stitches/10cm	10.2 stitches/inch	ASTM D-418
Pile Height Average	4.0 mm	0.157 inch	ASTM D-418
Density Factor	233.2 kg/m³	6,304 oz/yd³	UM44D
Product Testing Information			
Indoor Air Quality	All Tandus Flooring products comply with CRI Green Label Plus Standards ID: #GLP5288. Passes GB 18587-2001		
Surface Flammability	Passes CPSC FF 1-70		ASTM D-2859
Flooring Radiant Panel	Class I (Mean average CRF: 0.45 watts/cm² or higher)		ASTM E-648
Electrostatic Propensity	3.0 kV or lower	Permanent Conductive Fiber	AATCC 134
Colourfastness to Light	≥ 4 after 100 hours		AATCC 16E
Backing System			
Standard Backing	Tandus ECOPLY™ PVC Backing		
Backing Customization Option	Tandus ECOBOND™ PVC Backing / EcoBase Backing (non-PVC)		
Recycled Content	Tandus ECOBOND™ contains a minimum of 35% overall recycled content		
Recycling	Recycling 100% recyclable when recovered		
Standard Product Size	250 mm x 1000 mm; 500mm x 500mm		

Product Notes

1. Product specifications are derived from averages resulting from normal manufacturing tolerances in yarn, fiber, temperature, humidity and colour. Product specifications may vary within normal industry and standardised testing tolerances.
2. These specifications reflect mean averages based upon tests of production runs of this carpet style by independent laboratories. A range of variances is implicit in the testing process. Furthermore, the standard test methods established to derive the specifications lack a degree of precision and repeatability; therefore, individual test results on the actual carpet purchased may differ from the specifications above.
3. Colours may vary slightly from dye lot to dye lot.
4. Backing or other materials may be changed without prior notice when shortages occur or when technological advancements become available which provide for improvement of the product's performance.
5. All Tandus Flooring products are 100% recyclable.
