EcoBac Backing (Non-PVC)
EcoBac is a polyurethane based backing PVC free, 100% recyclable, and can be recycled through vertical disassembly and recycling in mind. Due to its innovative construction, the polyurethane based layer is fully recyclable. Impact by sharp pointed objects of deformation, EcoBac has been specially designed with impact resistance.

Tarkett ECOBOND™ PVC Backing
Backing option for all Tarkett Tarkett Asia product designs, 100% recyclable, contains a minimum of 95% overall recycled content, 100% recyclable.

Tarkett ECOBOND™ PVC Backing (Standard)
Standard backing for all Tarkett Asia product designs, 100% recyclable.

Backings

TarkettAPE works perfectly with all our Tarkett backings.

There are 20 lines per meter with a coverage area of 20.7m² per meter. The backings are 1.5m wide and 2m long. The backings are 1.5m wide and 2m long. The backings are 1.5m wide and 2m long.

Each unit measures 0.5 x 0.5m with rounded perforations between each unit.

Fast and Easy Installation

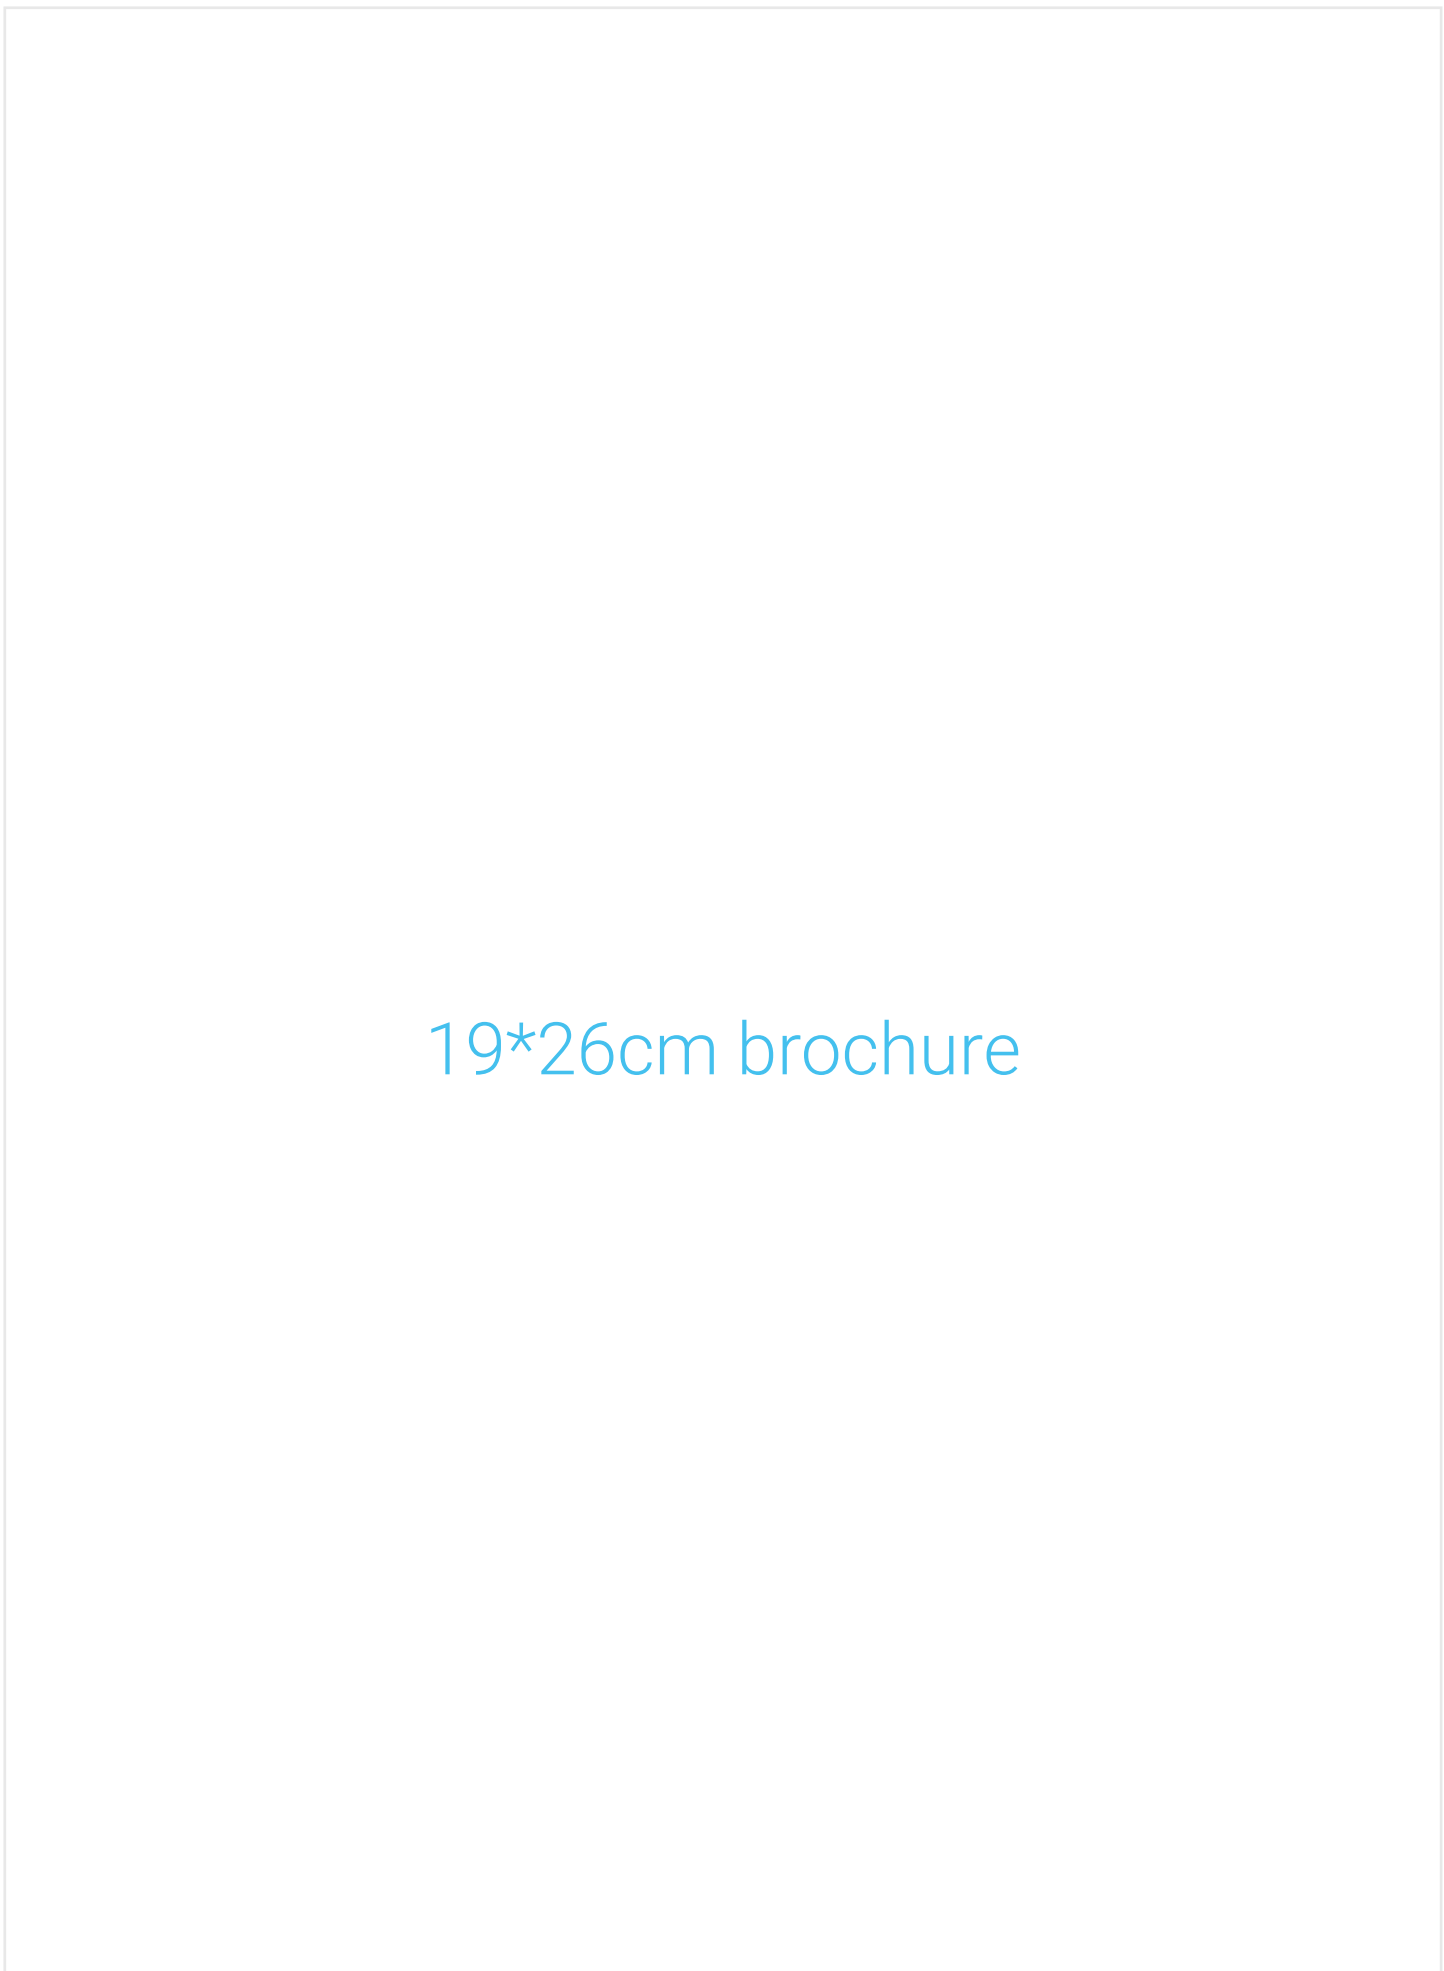

contributes perfectly to your sustainability goals. TarkettAPE is a 100% recyclable material, made from 100% recycled content. It is a 100% recyclable material, made from 100% recycled content. It is a 100% recyclable material, made from 100% recycled content.

Standard Product Size	300mm x 300mm x 100mm	

- Product Notes**
- Product specifications are derived from averages resulting from normal manufacturing tolerances in years, flow, temperature, humidity and colour. Product specifications may vary within normal tolerances and dimensional testing tolerances.
 - These specifications reflect minor averages based upon tests of production runs of this carpet style by independent laboratories. A range of variances is implicit in the testing process. Furthermore, the standard test methods established to derive the specifications lack a degree of precision and repeatability, therefore, individual test results are the actual values and should not be used for comparison.
 - Colour may vary slightly from depicted to depict.
 - Backing or other materials may be changed without prior notice when shortages occur or when technological advancements become available which provide for improvement of the product's performance.
 - All Tarkett Flooring products are 100% recyclable.
