Degrees Transition

Degrees Transition introduces gradation and movement to the floor thanks to the combination of two contrasting colours into one carpet tile.

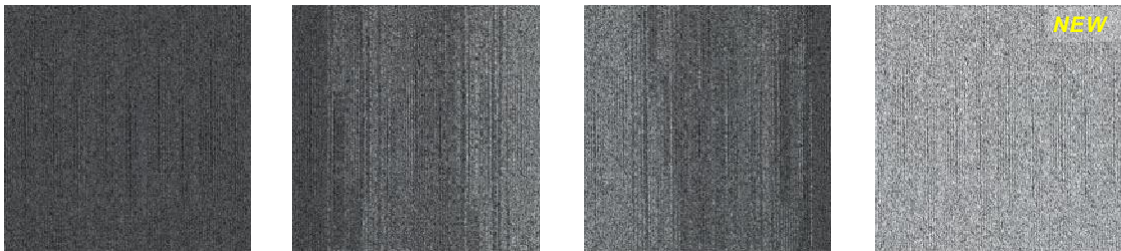

The colours have been selected for their complementarity. This inspirational collection enables to create unique layout and divide the different areas of the space by playing with the colours gradations. In addition, the the high and low loops in the pattern bring comfort and soft feeling to the workplace.

Format: 250 x 1000 mm

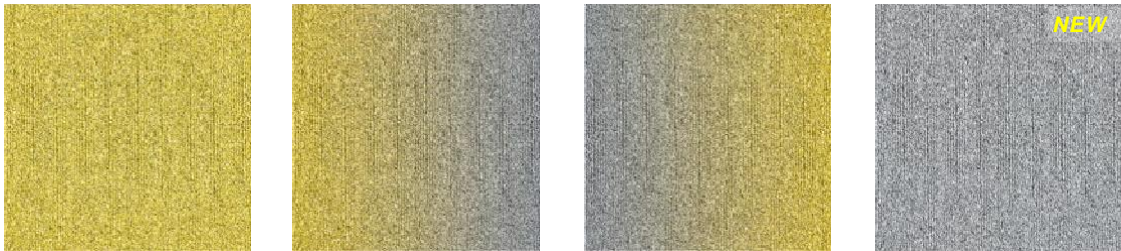

Backing: Ecoply

Globe

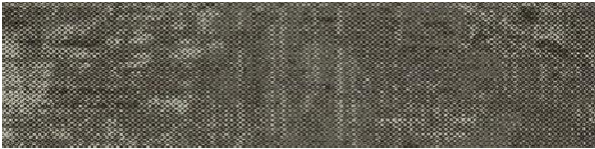

Tandus

Rooted in ancient map-making techniques with structuredamorphous patterning, Globe imparts a classic timelessness. Globe provides a fresh take on organics for interiors with a textural surface of cut and un-cut pile. Matte and lustrous fibers add depth while warm and cool neutrals ground this product. Globe is the adapta- tion of Cartography collection made in North America.

Format: 250 x 1000 mm
Backing: Ecoply
Ship within: 2 working days
Quantity: from 4 to 1,000m² / pattern

Grid

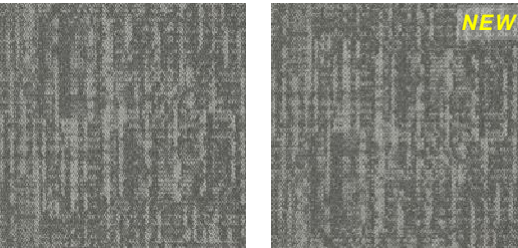

Tandus

Part of the Geologic Structure series, Grid shows the geometric grids that we find in different geologic environments such as rock pieces. Its textured pattern reproduce the different layers, textures and colours of a rock. This organic collection can be easily coordinated with Tarkett LVT with cement decors.

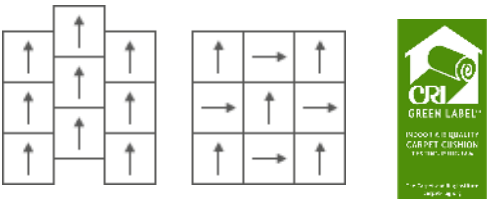

Format: 500 x 500 mm
 Backing: Ecoply
 Ship within: 2 working days
 Quantity: from 4 to 500m² / pattern

Identity: Intrinsic & Inception Tandus

Intrinsic offers a simple, straightforward design that will serve as the perfect versatile canvas. The pattern installs beautifully without seams or other visual distractions, making it a staple for any interior space, from small, enclosed offices to large, open lobbies. Inception has a large-scale geometry that dissolves into its ground texture as this comfortable, familiar argyle-like feel welcomes you in. This collection reflects the societal movement toward mindfulness and simplification for holistic well-being.

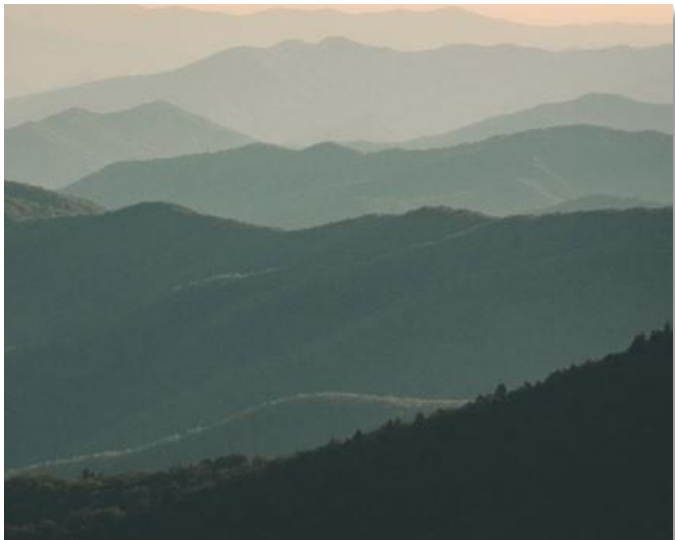

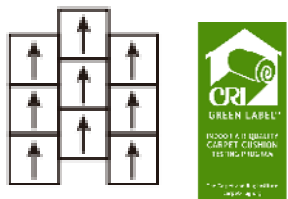

Format: 500 x 500 mm
Backing: Ecoply
Ship within: 2 working days
Quantity: from 4 to 500m² / pattern

Rhythms: Andante & Tempo Tandus

Part of Rhythms series, Andante and Tempo bring relevant styling to a price point where style is often overlooked. Classic and mass appealing, Andante’s linear structure with accent colour contrast enables to create a vivid, visual textural ground, imparting a simple, classic beauty. Tempo collection mixes between darker & lighter lines. Its user friendly neutral colours effectively hide dirt, stains, and foot traffic over time - making it an ideal solution for high traffic commercial areas.

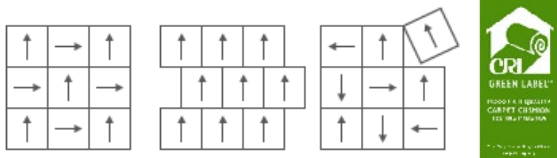

Format: 500 x 500 mm
Backing: Ecoply
Ship within: 2 working days
Quantity: from 4 to 500m² / pattern

Andante PITCH 630242018

Tempo PITCH 630260017

Tricot

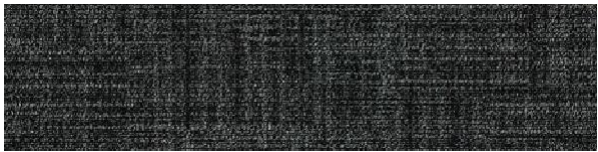

Inspired by the famous luxurious French knit fabrics with the black and white as base colours, Tricot's tightly detailed chenille offers a virtually seamless visual. It is a modern-day classic suitable for any interior spaces. Tricot is the adaptation of Geoknit collection made in North America.
